## Message from our Director

### **Welcome to all you Pirates!**

Yes, I know the top man is Robinson Crusoe but it's much more fun being a pirate isn't it!

Oh, yes it is. Well I hope you enjoy our rendition of this south sea islands adventure. We will be looking to you to cheer for the goodies, that's Robinson, Margarita, Nick and the sailors and be ready for the nasty antics of Captain Cut Throat and his pirates. Help the Spirit and don't be worried about his locker. Watch out for the cannonballs even if you are a bit tough and warn everyone about the witch Doctor.

Don't worry about the sword fight as no one gets cut very much as sing with Nick and the pirates at the end and hopefully you will go home happy. I do hope you enjoy our panto do join in whenever you can. Many thanks to my team for all their hard work, Carolyn for being a very able assistant director as the cast well know, to Margaret for musically directing us on the right road, to Lucy a great first time choreographer, Rob and his girls for great scenery, Paul and Pete for illuminating us, Simon for sounding us out and Chris for superb costumes once again.

P.S oh, go on then , cheer for the pirates, I will be!

Jim

*Way hey and up she rises*  
*Way hey and up she rises*  
*Way hey and up she rises*  
*Early in the morning*

Sling him in the long boat till he's sober...

Pull out the plug and wet him all over...

Take him and shake 'im, try an' wake 'im...

Give him a taste of the Bosun's rope-end...

Send him up the crow's nest till he falls down...

So if the idea of "treading the boards" appeals to you why not come and join us? If being on stage doesn't appeal to you there is plenty of other ways to get involved why not help with music, scenery, costumes, make up, lighting, sound or front of house.

### **OR BE A PATRON**

If you enjoy our shows and would like to be a part of *Peacehaven Players* but don't want to be an active member why not be a patron? We would like to offer warm thanks to all those who have helped us over the last year, and a special big thank you to you, our very supportive audience and last but by no means least

## NITROGEN IN TYRES, WHY?

- Police across the country carried out roadside surveys to check tyre pressures. On average they found 75% of tyres had incorrect pressures.
- Road Traffic Accident Statistics show that 86% of tyres have incorrect pressures.

Tyres filled with Nitrogen will maintain their correct pressure for longer because Nitrogen doesn't leak through the tyre's structure. Normal compressed air contains oxygen and water both of which permeate through the tyre casing.

### Filling with Nitrogen will Provide:

- Longer term stability of the tyre pressure.
- Better grip and handling.
- Reduced fuel consumption, up to 5% reduction.
- Longer tread life, up to 25% increase.
- Enhanced safety.
- No corrosion to the inside of the wheel.

As tyre specialists we recommend all 5 tyres on your vehicle are refilled with Nitrogen. We charge £5.50 per wheel for this service. Subsequent rechecks and Nitrogen top ups (if required) are free of charge.
