Peacehaven Players

Peacehaven Players are a friendly and supportive group and although we work hard, rehearsing on Tuesday and a Thursday evenings, a good time is had by all. So if the idea of "treading the boards" appeals to you why not come and join us? If being on stage doesn't appeal to you there is plenty of other ways to get involved why not help with music, scenery, costumes, make up, lighting, sound or front of house.

OR BE A PATRON

If you enjoy our shows and would like to be a part of *Peacehaven Players* but don't want to be an active member why not be a patron? Benefits include concessions, a regular newsletter, and a sneak preview of shows at special rehearsal evenings. For an application form or more details please see a member of our front of house team

We would like to offer warm thanks to all those who have helped us and also a special big thank you to you, our very supportive audience and last but by no means least

We hope you enjoy the show!

Message from our Director

Welcome to Peacehaven Players' 25th production, Radio Times. As this is an important landmark for us the company decided that we should have a celebration - and this is it!

It's a departure for us to stage a revue for our main show of the year but this way we felt that we would get the opportunity to showcase all of our very talented members.

This has really been a team effort. Working with me I had an assistant director, 3 musical directors and 3 choreographers! Not to mention those making costumes and building the set - THANK YOU ALL

Now sit back, enjoy yourself and sing along if you know the words! I hope you enjoy watching this as much as we've enjoyed putting it together.

The Clutch People

*We only disappoint our competitors.
Not our customers!*

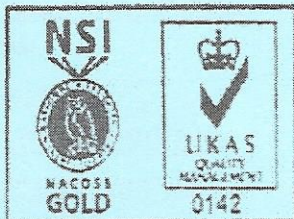

Now A Clutch For Life

Clutches in cars and vans over 4 years old wear out at the rate of 8,000 a day as three million motorists a year learn to their cost. But now a major manufacturer has introduced replacement clutches with a lifetime guarantee. If the new clutch wears out or fails owing to fair wear and tear or a driver with a heavy left foot, it will be replaced with no haggling, free of any charge, even labour is free. The move is a cost saving advance for family motorists and company cars and vans (sorry but taxis and driving schools are excluded as are vans over 3500kg gross weight which is larger than most twin wheel Transits). Just retain your receipt and free guarantee in order to ensure free replacement.

FIXED WHILE-U-WAIT

NITROGEN IN TYRES, WHY?

- Police across the country carried out roadside surveys to check tyre pressures. On average they found 75% of tyres had incorrect pressures.
- Road Traffic Accident Statistics show that 86% of tyres have incorrect pressures.

Tyres filled with Nitrogen will maintain their correct pressure for longer because Nitrogen doesn't leak through the tyre's structure. Normal compressed air contains oxygen and water both of which permeate through the tyre casing.

Filling with Nitrogen will Provide:

- Longer term stability of the tyre pressure.
- Better grip and handling.
- Reduced fuel consumption, up to 5% reduction.
- Longer tread life, up to 25% increase.
- Enhanced safety.
- No corrosion to the inside of the wheel.

As tyre specialists we recommend all 5 tyres on your vehicle are refilled with Nitrogen. We charge £5.50 per wheel for this service. Subsequent rechecks and Nitrogen top ups (if required) are free of charge.
